## About Me

I am a full stack software developer student with years of experience in healthcare; working in healthcare has provided me with valuable skills needed in web development. Skills such as critical thinking, multitasking, attention to detail, and effective communication skills to name a few. I am a fast learner and hardworking student! I'm ready for my career in technology and I cannot wait to see where this path will take me!

## Skills

### Technical Skills:

HTML5 / CSS / Bootstrap / JavaScript / ES6 / jQuery / AJAX / Node / Git

### Misc. Skills:

Trello / VSCode / GoogleSlides / WebStorm

## Projects

- **Weather Dashboard** | Built with: HTML / CSS / JavaScript / JQuery / OpenWeather OneCall API  
This application allows the user to check their local weather by retrieving data from server-side API  
Deployed URL: <https://rubicode.github.io/Weather-Dashboard/> |  
GitHub URL: : <https://github.com/rubicode/Weather-Dashboard> |
